Help them out.
They've stranded themselves,
they're waiting for you to go
Help their souls
They have no one there,
to light up their dark holes

If you take them out I won't be responsible
for the lives you never wanna reach, too late,
for are we never taking care of ourselves when
our lights are lost when we are afraid.

Sweet assassin, is this for real?
Sweet assassin, don't you feel?
Sweet assassin, is this for real?
Sweet assassin, don't you feel?

Please tell me
Is it something they did,
just tell me what they did wrong?
Don't hold back
If you just give in,
they wont know which way to track

If you spare their lives I will be able to help you
But this like any other will probably end up in
one big hell hole so take this lesson with you
otherwise their lives are in vain

Sweet assassin, is this for real?
Sweet assassin, don't you feel?
Sweet assassin, is this for real?
Sweet assassin, don't you feel?

I thought I knew you? (I think you do)
Do you know me? (I don't know anything.)
I guess what I'm trying to say,
if though the world was ending
I'd still find my self, thinking of you

Sweet assassin, is this for real?

Sweet assassin, don't you feel?
Sweet assassin, is this for real?
Sweet assassin, don't you feel?
