Duh-der-dum, duh-der-dum, duh-der-dem, duh-deh-dam,
dah-der-dem, dah-der-dem, dah-der-dum, dah-der-dum, da (x2)

You have to stay in a hotel because your house was
falling to pieces
You left your luggage in the hallway and a thief ran
away with it
(he ran away with it)
His excuse was boredom, tell me how bored you have
to be
And I promise you won't be bored
When it gets to the point that you're finished with me

Duh-der-dum, duh-der-dum, duh-der-dem, duh-deh-dam
(Areeeeee) dah-der-dem,
dah-der-dem, dah-der-dum, dah-der-dum, da (x2)

You have to buy an alarm, the lasers pick up
movements in the dark
It's better than a dog bark
It guarantees so you can be secure at night, (area,
area, area, area)
Your area's in ruin, your area's in ruin (area), your area
is free (area)
When it gets to the point that you're finished with me
When it gets to the point that you're finished with me
And all the first are ready

Very certain that she has to go
Where do you come from, what do you know?

Duh-der-dum, duh-der-dum, duh-der-dem, duh-deh-dam
(Areeeeee) dah-der-dem, dah-der-dem,
dah-der-dum, dah-der-dum, da (x2)

The doors have metal plates
Fitted to the inside of the exit alleys to the front gates

Security's expensive, it can cost a fortune if you buy
your locks
(Duh-doo-doo) from the wrong place (duh-doo-doo)
It's the area dis-ger-race
It's the area dis-ger-race
It's the area disra-hey-hey-haaaace

(Area's in ruin, area's in ruin)

Ruin, ruin, ha-ha

When it gets to the point that you're finished with me
And all the first are ready

Very certain that she has to go
Very certain that she has to go
Very certain that she has to go

Where do you come from, what do you know?
