Welcome to your new job, hope you have a wonderful
first day
We are so happy to have you join the team, you are so
lucky on your first day
And they say

This is the job that people die for, i hope you're ready
for the next stage
Alot of people work in the same place, don't let them
get in your way

Dinner time you go to the cantine, you make a new
friend at the dinner break
You like to talk when you're eating, but today you listen
to him

And he says like it or not, you have to do what they say
And it is something that you would like to talk about,
but it's only your first day
And they say

This is the job that people die for, i hope you're ready
for the next stage
Alot of people work in the same place, don't let them
get in your way

And they say faster faster
It's time to take you to the next stage, but it's only your
first day
And you're not ready for the next stage
And they say faster faster
It's time to take you to the next stage, and it is
something that you would like to talk about
But it's only your first day
(first day), you are so lucky on your first day (first day)
You feel so happy on your first day (firts day), you are
so lucky on your first day (first day)

This is the job that people die for, i hope you're ready
