Misery,
is a little line,
of a little dash,
it's a subtraction sign.

Happiness,
is a little cross,
so if your feeling lost,
use it to add it up.

For crying out loud,
stop furrowing your brow,
start living in the clouds,
go and make your mother proud.

The negativity,
is ruining you sleep.
it makes you want to cry on your pillow.

The negativity,
is controlling your dreams,
so say hello to something only i know.
I'm struck dumb but I'll give it a go.

All of us,
are genius,
there's more than enough,
to go between us.

Everyday,
you create,
everything,
in every way.

Laziness,
can go and play,
with ignorance,
on the motorway.

All of us,
are genius,

there's more than enough,
to go between us.

For crying out loud,
stop furrowing your brow,
start living in the clouds,
go and make your mother proud.

The negativity,
is ruining you sleep.
it makes you want to cry on your pillow.

The negativity,
is controlling your dreams,
so say hello to something only i know.
I'm struck dumb but I'll give it a go.

The negativity,
is ruining you sleep.
it makes you want to cry on your pillow.

The negativity,
is controlling your dreams,
so say hello to something only i know.
I'm struck dumb but I'll give it a go.

The negativity,
is ruining you sleep.
it makes you want to cry on your pillow.

The negativity,
is controlling your dreams,
so say hello to something only I know.
I'm struck dumb but I'll give it a go...
