If you leave me now  
Holding on to the memories  
I'll survive somehow  
Baby when you're gone.

Holding you close to me  
Always made me feel so right  
Love is fantasy  
Sometimes it can change your life .

Tell me what are you feeling?  
Tell me you still care  
But i can't help believing  
You will not be there .

If you leave me now  
Holding on to the memories  
I'll survive somehow  
Baby when you're gone .

If you leave me now  
Holding on to the mystery  
I can fight somehow  
I will carry on .

You held me in extasy  
Then you let me slip away  
The things that you said to me  
Made me think you'd always stay .

But you can't fight the feeling  
Every night and day  
When it's over, it's over  
There's nothing i can stay .

If you leave me now  
Holding on to the memories  
I'll survive somehow  
Baby when you're gone .

If you leave me now

Holding on to the mystery  
I can fight somehow  
I will carry on .

Carry on  
Carry on  
Carry on  
Carry on

Want to tell me  
What are you feeling  
Tell me you still care  
But i can?t help believing  
You will not be there .
