(C. Wonderland Music Company, Inc.)

I never thought I would lose it

Till it happened just the other night

In all the noise and confusion

I let it out of my sight

Well, I can spot it

Yeah! It was easy

And I know you got it

So baby, give it to me

CHORUS

Gimme back my groove

It's mine and I need it

That's no way to move

That's no way to treat it

Gimme back my groove

Give it back, give it back

There's no time to lose

So gimme back, gimme back my groove

I never thought I would find it

It took so long to get you into my life

(You into my life)

I gave you my heart and you left me all alone

Baby, that ain't right

(Repeat second verse)

(Chorus twice)

(Repeat second verse)

(Chorus repeats until fade)
