Down from my... ceiling
Drips great noise.
It drips on my head through a hole in the roof.

Behind these two hills heeere...
There's a pool.

And when I'm swimming in
through a tunnel....
I shut my eyes.

Inside their cabin I make sounds
In through the tubes I send this noise.

Behind these two hills heeere...
fall asleep.
And when I flood in green grass of tunnel...
It floods back.

Down from my... ceiling
drips great noise.

It drips on my head through a hole in the roof.

Behind these two hills heeere..
there's a pool.
And when I'm swimming in
through a tunnel....
I shut my eyes.
