(H. Der Hovagimian)  
Deep in my soul there is a shine  
Shining love and unity  
Beholding words all to trust  
Can you feel the energy  
All the people in the place  
Crazed into the future days  
Where we can groove and we can dance  
Everybody in there ways  
I can feel it, I can feel it  
I can feel the energy growing on me  
(Oooooo) Feel the energy  
It's music, music is my life  
So it takes into my life  
Feeling crazed just like the worlds state  
It's music, music is my life  
So it loses it's control  
And we're dancing on the floor  
Common hates, absent love  
Yet the world lies in harm  
So it keeps natures things  
Unity does not feel warm  
In this world of discontent  
We have lost touch and live alone  
When is the day we get together  
Into the future we go  
I can feel it, I can feel it  
I can feel the energy growing on me  
(Oooooo) Feel the energy  
It's music, music is my life  
So it takes into my life  
Feeling crazed just like the worlds state  
It's music, music is my life  
So it loses it's control  
And we're dancing on the floor
