(H. Der Hovagimian)

Was there a time when everything lied in peace
When there was no hate in sight
We've got to make a change before we've all deceased
For the children need to live life right, (ya)
So let us get together united holding hands
Filling the precious dream let's stand strong and make
our demands
Destroy the negativity that takes the best of us
Let's take ground and reach out and reach out
Universal Dream
Gotta believe in just one love
Just one love, just one dream
Just one love and ah just one dream
Universal Dream
Gotta believe in just one love
Just one love, just one dream
Just one love
Will we ever see the day when our hopes come true
Our faith in God is our strength for this fight
So let us take a stand and fight the devil's demand
The perfect life lies ahead in the light, (ya)
So let us get together united holding hands
Filling the precious dream let's stand strong and make
our demands
Destroy the negativity that takes the best of us
Let's take ground and reach out and reach out
Universal Dream
Gotta believe in just one love
Just one love, just one dream
Just one love and ah just one dream
Universal Dream
Gotta believe in just one love
Just one love, just one dream
Just one love and ah just one dream
Why don't we open our eyes and take a glimpse of the
truth
And realize that everything around us has been
destroyed
Why don't we close our eyes and pray for the children
and youth
To build love and to build strength into a beautiful,

beautiful world
God's given us a foundation so strong
With every gift and breath that we long
Now let us hear all the cries of this world
And work upon-this one final dream
Universal Dream
Gotta believe in just one love
Just one love, just one dream
Just one love and ah just one dream
Universal Dream
Gotta believe in just one love
Just one love, just one dream
Just one love and ah just one dream
