I'm the moon and I can give you
Everything if you want me to
From the sky I watch over you
Don't be blind I will help you

I'm the moon
(in the sky just follow the blue blue light)
I am the moon
(in the sky just follow the blue blue blue light)

When you're down, when you feel alone
When your love and happiness are gone
Deep inside there is a blue blue light
The moon is with you

I am the moon
(in the sky just follow the blue blue light)
I am the moon
(in the sky just follow the blue blue blue light)

Just me
Just follow the
Just me
follow the
Just me
follow the
Just me
follow the

Just follow the blue blue light
(in the sky just follow the blue blue light)
(in the sky just follow the blue light)

I'm the moon, I take care of you
Just follow the blue light
Take care of you
Just follow the blue light
