I watch you sleep
You're everything I hoped for
But never dreamed of finding
I can't believe that all I've ever wanted
Is lying here beside me

Hold me now, there's a beacon
And it shines in me like gold
Tonight, for it cannot be
Denied in me so
Hold me now, I can see a new horizon
In my soul
So lose control

Close your eyes and dream
You're safe within my arms tonight
And this love will last a lifetime
Everything we need
In ours under the stars tonight
Every wish is my command
The words that lie behind your eyes
Mean everything to me
So I'll hold you while you
Close your eyes and dream

You're safe with me
I'll chase away the nightmares
I'll shield you 'til the storm
Runs and you will see
I'll always leave a light there
To burn until the dawn comes

Hold me now, there's a beacon
And it shines in me like gold
Tonight, for it cannot be
Denied in me so
Hold me now, I can see a new horizon
In my soul
I won't let go
Close your eyes and dream
You're safe within my arms tonight
And this love will last a lifetime

Everything we need
In ours under the stars tonight
Every wish is my command
The words that lie behind your eyes
Mean everything to me
So I'll hold you while you
Close your eyes and dream
