A thousand nights a thousand tears  
I have searched for a thousand years  
To hold you close to find you here  
Touch me inside make me whole  
Empty spaces empty rooms  
Life was tasteless and empty too  
All that changed because of you  
Open the gates to my soul  
CORO  
I was chained by the myths of israel  
Shamed like the prodigal son  
God fated homicide crushing the wheels of love  
I profain like the spirit of ishmael  
Blame the sacrificial one  
Damned but immortalized lost now the seal's undone  
Till kingdom come

Another time another place  
In my mind there no other place  
Your tender touch your warm embrace  
Captures the eyes of the storm  
I'm never letting go now I'm under your wings  
Chains can't hold this unending thing  
You're at the core of everything  
You are the light of my dawn  
CORO  
I was chained by the myths of israel  
Shamed like the prodigal son  
God fated homicide crushing the wheels of love  
I profain like the spirit of ishmael  
Blame the sacrificial one  
Damned but immortalized lost now the seal's undone  
Till kingdom come

A thousand nights a thousand tears  
I have searched for a thousand years  
To hold you close to find you here  
Open the gates to my soul  
CORO  
I was chained by the myths of israel  
Shamed like the prodigal son

God fated homicide crushing the wheels of love  
I profain like the spirit of ishmael  
Blame the sacrificial one  
Damned but immortalized lost now the seal's undone  
Till kingdom come
