My love is a tango
When love is in sight
Love's like a tango
An' love needs the night
Each love is a tango
'Cause tango means love
Wanna tango the tango
Love my love

Do you like my dancing
When you get into
The dancing mood?
Night is so romancin'
I want to be with you

Do you like romancin'
When you get into
Romancin' mood
Life can be like dancing
Only because I love you

Wanna tango the tango
Love my love
I wanna tango the tango
Love my love
