There's a window that overlooks the sea
Where someone on a tiny ship is calling out to me.
I've dreamt of rainbows and golden fields
But never has more beautiful a vision been revealed.

The seagulls and the pelicans hovered round her sails
And up from the ocean came the dolphins and the
whales.
She smiled at them all and then she turned to me.
I knew then that I would fall for the beauty of the sea.

Green-blue water sparkles
White lace dancing with sea wind
Sun-kissed lovers playing
Won't go back to being friends

I've got you in my life today
I pray you'll never go away
There's no place I would rather be
Than with my beauty of the sea.

I swim out to meet you in the bay
And as I climb aboard your ship, the red sun sinks
away.
If I return, it will be with you.
For now we'll sail the sea of life in a boat built for two.

Green-blue water sparkles
White lace dancing with sea wind
Sun-kissed lovers playing
Won't go back to being friends

I've got you in my life today
I pray you'll never go away
There's no place I would rather be
Than with my beauty of the sea.
