"Expiration Date"

I met you in the fall when dark was closing in
When darkness came to pass the light shown brightly
in

On we who knew that all along it had to end
The summer sees our dusk right as we begin

I don't wanna be a wrench in your gears
I just wanna be
I don't wanna be another spoke in your wheel
Do you know what i mean?

Now it appears the time we go our separate ways
In truth i wish sometimes we'd forego those plans you
made

It's unacceptable to me that nothing can be done
To save two lovers from impending separation

I don't wanna be a wrench in your gears
I just wanna be
I don't wanna be another spoke in your wheel
Do you know what i mean?

This expiration date
Is driving me insane
This expiration
Is driving me insane

I don't want you to follow me and lose yourself
But with two thousand miles between us
We'll need help
Will such a distance serve to make our love secure,
Or will it go the way so many have before?

I don't wanna be a wrench in your gears
I just wanna be
I don't wanna be another spoke in your wheel
Do you know what i mean?

This expiration date
Is driving me insane
This expiration

Is driving me insaine
Insaine
Insaine
