Music goin'  
Ooh and all the room is high  
Drinks are flowin'  
And I'm just hopin' to catch your eye  
Rare diseases  
Swimming in seas of love  
A plastic Jesus  
Could be a sign from above?

My door is open  
Won't you come follow  
One thing's for sure  
Gonna make you a happy woman  
Gonna make you a happy woman

Go ahead then  
With your dirty apes and all your thugs  
Take it elsewhere, besides  
Your broken down gait's makin' me bug  
But I see you comin'  
From down the hallway  
One thing's for sure

Gonna make you a happy woman  
Gonna make you a happy woman  
Gonna make you a happy woman  
Gonna make you a happy woman  
Happy Woman  
Happy Woman
