The motor ran on Saturday night  
I took your hand and I thought everything turned out  
right  
A one time deal told me the next afternoon  
Do you not feel  
The things I feel  
Do I have to be so strong?  
Do I have to suck it up and move on?  
I'm not your first fool but I want to be  
Your last fool

You don't know it but you hurt me  
And I can't I can't tell you cause your silly confidence  
gets in gets in the way

Do I have to be so strong?  
Do I have to suck it up and move on?  
I'm not your first fool but I want to be your last fool  
Your last fool  
Your last fool

Is love what it's supposed to mean  
Am I just trying to keep a crazy drunken scene alive?  
Why do you hide behind your words?  
I know you cry when you're not hurt  
Your eyes don't lie

I'm not your first fool but I want to be your last fool
