"Fall In Line"

Shine your boots
So you can march across the desert

Lift your knees look sharp as a knife

You'll learn to

Like it

You'll be all that you can be
No one can stop our way of life

[Chorus]
Fall in line

No back talk do what we told you

Step in time

Learn to show your pride

Turn the wrench

Build more trucks than your neighbor
Only work gives the
Right to live

Feeling righteous
Defending god's own country

And wish you had more lives to give

[Chorus]

The empire calls

For you to make a sacrifice and fall in line

Rows and rows of credit card loans
Rows and rows of cars

Rows and rows of bars

Rows and rows of bones
