let me take you to a place no one's ever seen. it's so far
it's so far away, back in deep behind the trees. i know
that i won't fall. it's been there a hundred years. i know
that it won't fall. trust the limbs are here. one more time
i'm telling you. walk where you won't fall. we're almost
there. come on follow me, to that foctrss in the sky.
and i'm going to take you there. to the place, the place
that no one's ever seen. the moss grows on the north
side of the trees. i know that it won't fall it's been there
a hundred years. i know that it won't fall. trust the limbs
are here. walk through the forrest at night.
