(Slavens, Muller)
taste of blood
on my lips
cold spot in my heart
man of action
plan of action
no reaction
cold spot in my heart
there's a cold spot in my heart
if I love you
I can hurt you
cold spot in my heart
everything that you say can be used
in a cold spot in my heart
I've got a cold spot in my heart
the knife cuts
my heart bleeds
please don't push me baby,
there's a cold spot in my heart
just can't be responsible
for tearing you apart
when I'm in my alligator brain
I see my chance
I make my move
got a cold spot
I've got a cold spot in my heart
once I'm in motion
there is no devotion
just one cold emotion
cold spot in my heart
I've got a cold spot in my heart
