Everyday I'm on the street just checkin' em out

Everybody in here thinks I'm so devout

I can't stand the way they look, the way they dress

the way they cut their hair

I got the best of both worlds, I'll tell you why

Every day they come to me, they checkin' me out

They say "Give me love, give me hope, give me life  
eternal"

"Life eternal"!! That's what they say !

And every night I'm on the street just checkin' em out

I got the best of both I'll tell you why.

Keep your pain and keep your lies - this is the life for  
me

I don't need no alibis - this is the life for me

I preach by day and love by night - this is the life for me

Hey, all you sinners, just get in line ! This is the life for  
me
