You always stayed right by me,
I'll always be in debt.
I never made things easy,
You never had regrets.

Let's compromise so we both get through
I'm a little bit crazy when it comes to you.
It makes me whole from your point of view,
It's taking me from you.

If you love me, you shouldn't take it from me.
I count the days and all the ways you steal me.
So believe me, I'm only yours completely.
Just know you are the Northern Star that leads me.

The door remains half open,
My suitcase always full.
I never meant to push you,
But you still feel the pull.

Let's compromise so we both get through
I'm a little bit crazy when it comes to you.
It makes me whole from my point of view,
It's keeping me with you.

If you love me, you shouldn't take it from me.
I count the days and all the ways you steal me.
So believe me, I'm only yours completely.
Just know you are the Northern Star that leads me.

We'll live to fight another day,
And even when our dreams seem far away,
We carry on, we carry on.
So never let this go to waste,
We found something that cannot be replaced.
We both belong.

If you love me, you shouldn't take it from me.
I count the days and all the ways you steal me.
If you love me, you shouldn't take it from me.
Just know you are the Northern Star that leads me.

Just know you are the Northern Star that leads me.
Just know you are the Northern Star that leads me.
