[Chorus - Jaguar Wright]

I really want to talk to you

But I'm afraid

Don't know what you'll say

I really want to talk to you

But I'm afraid

That you'll walk away

[Guru]

No Ma I'm not that dude, I'm really not that rude

I wouldn't dis you or dismiss you cause its not that cool

Wont blind you with that bling, We can get the same

You know a movie could be cool see I like simple things

I see you lookin at me, you see me lookin back

Your creepy eyes and your tight frame thats what I'm  
lookin at

Cool you can talk to me, don't need to shy away

Lets break the ice and make it right, don't even got to  
wait

[Chorus - Jaguar Wright]

I really want to talk to you

But I'm afraid

Don't know what you'll say

I really want to talk to you

But I'm afraid

That you'll walk away

[Guru]

Yeah Ma I know your nervous Holding your thoughts  
inside

You got my full attention, now that you caught my eye

Think we can get it poppin, that's if you just relax

Don't do this very often, you think I'm just a Mac

And that ain't even me, I'm on a different page

These days I'm crazy focused, I'm at a different stage

Give me some conversation, some mental stimulation

I'm being extra patient, see girl you got me waitin

[Chorus - Jaguar Wright]  
I really want to talk to you  
But I'm afraid  
Don't know what you'll say

I really want to talk to you  
But I'm afraid  
That you'll walk away

[Guru]  
You think I'm gonna play you, Baby just keep it true  
You don't know what I'm thinking, might wanna be with  
you  
And even if we talk, but we don't click like that  
We can stay in touch, cause I don't trip like that  
Still got to tuck that banger, this life theres lots of  
stress  
You help to ease the strain, ease the pain you hot to  
death  
So why you standing there, and I'm way over here  
Can you come closer, How am I supposed to  
Get to know you dear

[Chorus - Jaguar Wright]  
I really want to talk to you  
But I'm afraid  
Don't know what you'll say

I really want to talk to you  
But I'm afraid  
That you'll walk away

[Jaguar Wright]  
I'm telling you you're wonderful  
And I'm really digging you  
Baby  
I wish that I wann see you  
I wanna get to know you , baby  
I wanna talk to you  
But Im afraid  
Don't know what your gonna say  
I really want to talk to you  
Please don't walk away  
Hey
