Hide Beneath your lies,  
But since I know it's more like hide and seek.  
I see right through you;  
Your ever-shifting eyes give you away.

[Chorus:]  
The lines are drawn,  
The ink is black and blue.  
The truth is bleeding,  
It's bleeding though.  
Don't hide what I already know.  
I will miss you,  
But this is the last time I'll feel it.

It's fiction you are selling.  
Your story is pathetic,  
It's such a joke and filled with holes,  
Like all the things you say.  
You might as well admit it,  
React before you think it,  
There's more at stake than a good time.  
All you want to be, it's all you want to be.

[Chorus]

And this wont be forgiven,  
And this wont come again.  
And this wont be the moment where I cave and let you  
in.  
And this wont be forgiven,  
And this wont come again.  
We had so much more than this.  
You killed it all with me.

[Chorus]
