

Ten Second Epic "Between Today And Tomorrow"

Visit "[Between Today And Tomorrow](#)" on MotoLyrics.com

autumn fades to reveal truth-reality,
ties that bind the past unveil at
seam, i've traveled through the years
with naive touch and palettes so
bright, i've faced the forks and
turns that damage hue in the limelight

and when it's over that
is high-low, high-low, that's not
the feeling you get when it stays, gone
goodbye, myself, this life is
something else, the fire inside of
me, it seems so gone, but i'm burning
on the fire inside of me, it's gone

siege in internal boundaries, i won't
see it out the hardest times are for
the hardest ones that make the
piece fit, the longest lies are told
when lonely hearts won't stay to
fight it

and when it's over that
is high-low, high-low, that's not
the feeling you get when it stays, gone
goodbye, myself, this life is
something else, the fire inside of
me, it seems so gone, but i'm burning
on the fire inside of me, it's gone

my patience is gone, gone, it's so
long gone, round the bar stools that
give meaning to our lives, your
judgment is wrong, wrong, its so
damn wrong, just like captivating
theory in guilt, yeah i've been
through times, much worse then
this, i'm hit and miss, throw me on
track, but no bulls eye

you don't change, i don't change,
things won't change at all, this is

who i am, and who we are, and
what we want to be, right now,
right now, right now, right now
