"Safest Place"

Small car, long drive
We're learning things about life that we've never told
ourselves
Your honesty supprises me and says
"Stay awhile I'm on your side"

I'll stay awhile

After all this time you still believe in me
And the real me is finally free cause with you I know I'm
safe

At the end of a couch, a glass in my hand
My hears are listening to my friends
And the same, same lights color me and say
"Stay awhile and enjoy yourself"

I'll stay awhile

After all this time you still believe in me
And the real me is finally free cause with you I know I'm
safe
