So here I am thirty minutes late to the movie
The action is already well under way
So how am I supposed to tell what's happening here
I'd like to know what's really going on
I haven't been here very long
Easily I could get this story all wrong...You know it's a
ride
You know it's a ride
When you can't find that exit sign
You know it's a ride
You know it's a ride
When you're suprised
It didn't take me that much time to find out
The Romance is more than just an aside
It's in the lines
And in our eyes I feel it in the air
I'm haunted by the hope of something more
I haven't been here very long
Easily I ride. You know it's a ride.
When you're suprised
You know it's a ride, You know it's a ride
Cause your heart beats wild
You know it's a ride
You know it's a ride
With desire
You know it's a ride, You know it's the ride
That we're born inside
You know it's a ride, You know it's a ride
COME ON LET'S RIDE
