Look at all those apartment windows glaring in the
night
In all of those building rooms so many different lives
And even more than stars that shine
They light the sky, light up the sky

Don't you need someone?
Like I need somebody
Don't you need someone?
I know you're lonely

As all the lost lover's homes glow
I wish just one, It was mine

Don't you need someone?
Like I need somebody
Don't you need someone?
I know you're lonely

How can two souls live so separately
Two hearts alone in such tragedy

Vacant street signs point to where to find other
strangers
Stuck in this state of mind
All their feelings hidden (stuck behind) faces
Not windows (with glass that you can see inside)

Don't you need someone?
Like I need somebody
Don't you need someone?
I know you're lonely

How can two souls live so separately
Two hearts alone in such tragedy

If you only knew, that only you is good enough
If you only knew, that only you is good enough (Two
hearts alone)
If you only knew, that only you is good enough
If you only knew, that only you is good enough (Two

hearts alone)

Don't you need someone? (I need you, I need you
tonight)

Don't you need someone? (I know that you'll hold me)

How can two souls live so separately

Two hearts alone in such tragedy

Don't you need someone?

Like I need somebody

Don't you need someone?

I know you're lonely
