I  
Your laugh is growing strong with the scenes that I  
make

I  
I

Then I watch the world react to your style  
All the waters part  
All the mountains slide

To catch a glimpse of you  
Under a painted sky  
Elegantly fine  
It was your smile that saved me

Feeling all alone and I can  
The path is overgrown and I  
Feeling low, feeling oh so low

Then I watch  
The world react to your style  
All the mountains pile  
All the rivers wild

To catch a glimpse of you  
Under a painted sky  
Elegantly fine  
It was your smile that saved me

Come on, I cannot comprehend  
Your feeling so undone falling from my head  
I cannot wait, I cannot waste again  
One more sans you

And I watch the world react to your style  
All the mountains crumble  
All the waters dry

From catching glimpses of you  
Under a painted sky

Underneath your fire  
It was your smile
