"Matter Of Time"

It's just a matter of time before you get there
Get up, enjoy the climb.
You got it all in your mind; you got it right here,
Keep moving into the light!

Just close your eyes
Just let the sun shine
And it's gonna be alright
Today the rest of your life begins!

It's just a matter of time before you get there
Why not enjoy the climb?
You got it all in your mind; you got it right here,
Keep moving into the light!

Just close your eyes
Just let the sun shine
And it's gonna be alright
Today the rest of your life begins!

It's just a matter of time, of time, of time!
It's just a matter of time, of time, of time!
Oh, oh, oh!
Oh, oh, oh!
Oh, oh, oh!
It's just a matter of time!
