The Game Verse 1

Picture me and my gangsta girl
riding with the top back , banging hmmph
my neck free, yo my soks hat tilted to the side
like u know ...I get my grind on, get my shine on
jewelery black and no grindstone,
if u don't know by now, baby I'm a star
look at my face, look at my car
look at my waist then look at my scar
look out the window n see who we are
cause I'm gangsta
I'm riding in my in my phantom
in my rover banging rubber bands
when I throw a stack, before it hit the ground
she throw it back, I'm chasing money, she chasing me
I'm right where I wanna be
with the the beef on my Bentley
A horse on my lambo, crown on Cadillac,
chatz on my air matz, beef haters beta fall back,
before I put something in your ball cap,
thats my chick , I got her back like a bra strap,
cause she fine and she cute, she think she all that n
she all that
thats my girl thats my world

Bounce with me n be my fantasy, a magic love so
bright its got me
Bounce with my and be my fantasy tonight hold u tight
Bounce with me n be my fantasy, a magic love so
bright its got me
Bounce with my and be my fantasy tonight hold u tight
