chorus (Will.I.Am)
Gangster boogie? Gangster boogie!
Gangster boogie?
(The Game)
Nigga nigga nigga, I'm from Compton!
(Will.I.Am)
It's the home of America's gangster-rap, the place of
danger.
Where them gangster boogie? The gangster boogie!
The gangster boogie? The gangster boogie!
Where the cops are crooked, and them bitches is killas,
And them niggaz hold it down like black gorillas.
With a gangster boogie? The gangster boogie!
Gangster boogie?
(The Game)
Nigga nigga nigga, I'm from Compton

The Game on fire, check the gold wires,
Hip hop on lock like some motherfucking pliers.
Me and Will.I.Am, we take niggaz higher.
Niggaz talking shit get your fucking mouth wired.
Walkin' through Compton, Eazy still alive,
Bringing the hat to the back, throw your dubs in the sky.
My flow straight wicked, sit back while I kick it.
And do it like Dre did it, N.W.A did it.
I cook crack like a nigga that ever bought a brick from
an Ese,
Nigga I could write an essay about all the gangster
niggaz that I've seen lowridin',
In they chevy's with a bitch ridin shot-gun reppin' LA.
Crips, bloods, homes going loco, but a glock to me is
like Ice Cube and JoJo.
Siting in a lolo, all chrome spinners, nobody drop
nothing this winter.
Nigga I'm from Compton!

(Will.I.Am)
It's the home of America's gangster-rap, the place of
danger.
Where them gangster boogie? The gangster boogie!

Nigga nigga nigga, I'm from Compton

Nigga I smoke chronic, ain't shit changed since Young
MC and Eazy-E was rappin',
We all in the same game. Some niggaz chain-hang,
other niggaz gangbang.
I do both cuz I'm the king of the motherfucking
westcoast,
Kick the door open, Will let's go, flo like Esco, New York
niggaz say I'm the best yo.
Hard like Timbo's, blowing on Endo,
Niggaz tryna play me get stretched out like a limo.
I was shopping crack when Dre was bangin' my demo,
And all you old niggaz is washed up like Enno.
Don't take it the wrong way, I got love for my kim-folks.
Can I get a moment of silent, Will bang the
instrumental.
I spit for my niggas in the line, up till they never see the
sun again,
So I closed my blinds up. First album, sold em out,
Impala's roll em out.
Cuz the whole motherfucking world wanna know about
Compton!

Nigga nigga nigga, I'm from Compton

Welcome to the city of G'z, where we eat fried chicken,
rise and black eyed peas.
Fans got us interscope, like Jimmy lovine.
We ruthless, like Will before the Black Eyes Peas.
Fuck all rappers, look at all the hate I see,
I'm sick, you can't get rid of me, I'm HIV.
Nigga get another job, hip hop is not hiring,
I'm the reason Dre felt comfortable retiring.
I just might put out Detox myself,
Smoke so much, I check in Detox myself.
One man army, took out Reeboks myself.
45 in my Kaki's, I gotta watch my health.
I'm so hard nigga, glock 17 quick-draw niggaz.
Like the old me, Seventeen zippin malt-liquor.
All black Khaki-suit, All black converse.
And Imma keep on stomping, coming straight outta
Compton!
