[Game]

fresh out the drop
chuck taylors hit the streets cracking the ground
there he go with the crack and the pound
im right here, aint no backing me down
hands on the hot hood, Compton sheriffs patting me
down
they wanna know about the tattoo tear
if i know 50, then why them guns blow like Lina Richie
if my 9 get itchy, somebody gotta pass away
like that bitch nigga that killed Jam Masta Jay
you dont like it, you could come get my ass today
ill be waiting with a vest, ski mask and 'K
niggas left me for dead back in the day
i found out it was a hard knock life without asking Jay
its a hard knock life, then you pass away
like my uncle gregg, my brother Jevon, and my nigga
AJ
this for all my ngigas in Compton killing
Gimmie 5 years nigga, im bringing Compton millions
