Money... For the Money [x2]

[Verse 1:]

Kanye told me that Jesus walks in '04  
But I grew up around impalas and drug lords  
Welcome to Los Angeles palm trees and drug stores  
All we know is rocks and presidents like Mount

Fuck the police they hop out and bust doors  
I ain't goin back to jail nigga that what I flush for  
My money or my glock who do I trust more?  
I don't know it's probably the one that I touch more  
Guess it's the green cause paper motivate niggas  
And my rolex racist cause it hate niggas  
I use to only sell 8s like that laker nigga  
Now I'm movin 24s like I play at the staples center  
You might miss The Game so nigga don't blink  
My phantom stand out like Frank Lucas mink  
So go ahead and think like Frank Lucas think  
Somebody'll find your brains on the fuckin kitchen sink  
about

Dead presidents, Big paper

(For the Money)

Benjamins, Skyscrapers, My niggas get
