[Intro-Diddy]

Ay yo game

Its magic baby

Open that bottle of Ciroc..light up on

And lets go, ye ye , thats right

[Verse 1- Game]

Like a Don, walk in the club with red rum

Was goin on? my killa bees like Cappadon

Rap phenomenon, chill like two bottles of Dom

The Audemar the only thing on my arm

Keep bitches in my stable like ?

Take em to the mansion in the phantom have em wetter  
than ?

N-gga we never scared

Bitches get they bones crushed

Sittin on the throne, just take off your ?

Dont run from the magic stick

Just look around in the crib, you can have this sh-t

Yeah, big pimpin and this sh-t dont stop

We dont stress the tag, we just drive it off the lot

[Chorus]

All in red bottom, Gucci, Louis and Prada

grab yourself a red bottom (you deserve it)

She can get it, she can get it, she can get it

She can get it, she can get it, she can get it

She can get it, she can get it, she can get it
