You took your clothes off
I started to laugh
That's when I knew it was through
I guess I'll go I'll take a bath
There's nothing else to do.

You stupid asshole
Know you're making me sick
You stupid asshole
Baby suck my dick

1 2 I'm looking at you
And there ain't nothing I miss
3 4 I'm closing the door
'cause you no longer exist

Put out baby

I hear these words panning in my brain
I need a girl who puts out
But you don't and it's causing me pain
I'm in the middle of doubt

You stupid asshole
Baby I'm one too
You stupid asshole
I don't know what to do

1 2 I'm looking at you
And there aint' nothing I miss
3 4 your just a fucking whore
'cause you no longer exist babe

'cause you no longer exist

Yeah
