Going To Try
(Alvin Lee)

I'm gonna try, I'm gonna try
I'm gonna try and get my feet out of the sand

I'm gonna try, I'm gonna try
I'm gonna try and find out where's the promised land

Where are you?
How do I know you're true, know you're true, know
you're true?
Now I can find what I want out of life, out of life

I wanna try, I wanna try
I wanna try and find out where's the promised land

I wanna try, I wanna try
I wanna try and get my feet out of the sand
