Here they come, and they fly with the power of the sun
Here they come, and they're going to touch everyone
Far, far, have they come

Here they come, and the fire on their wings doesn't
burn

Here they come, and they know everything we must
learn

Round, round, we must turn

Watch out, you, sinners

Don't you know that your time has come?

Watch out, you, winners

Now it's the same for everyone

Here they come, and the stars in their eyes seem to
glow

Here they come, and the fear in our hearts starts to go

Now, now, now we all know
