This is a song called the history of Tenacious D  
And it's not just a list of bullshit that we've done in the  
past  
It's a chronicling of our rise....TO POWER

We ride with kings on mighty steeds  
Across the devils plain  
We've walked with Jesus and his cross  
He did not die in vain, NO!

We've run with wolves, we've climbed K2  
Even stopped a moving train  
We've travelled through space and time my friends  
To rock this house again, ROCK!

We ride and we ride and we'll never subside  
And we'll ride till the planets collide  
And if you say that we do not ride  
I'll tan you're fucking hide, RIDE!

Kyle's fingers be silver, Jacks voice then be gold  
But lest you think we're vain  
We know you're all robots and we don't care  
Tenacious D, we reign!

We rei-eign, supreme, OOOHH GOD!  
Burrito supreme, and a chicken supreme  
And a cutlass supreme  
SUPREEMEEEEEE YEAAAAHHH  
SUPREME!!

(New album version has longer ending)
