Two time mama, don't you two time me
Two time mama, don't you two time me
'Cause if you need two
You can bet your life I'm using three

Two time woman, don't tell me your lies
Two time woman, don't tell me those lies
I hear your voice but I'm looking right in your eyes

Two time mama, don't you two time me
Two time mama, don't you two time me
'Cause if you need two
You can bet your life I'm using three

Two time woman, don't tell me your lies
Two time woman, don't tell me those lies
I hear your voice but I'm looking right in your eyes
