The mission is clear
I'm going over there
I'm going to do the mission

I flip around the corner
Flat as a pancake
And then I, aww no, a camera

Stay back here
Devise a plan
Dive into the bushes

Against all odds
Infiltrate
Storm the gates
Storm the gates

Ninja style, Samurai
(Storm the gates)
Metal pole, climb that thing
(Storm the gates)
Climb into that mother father

Now I'm climbing up
Up on the roof
I got cat-like reflexes

Against all odds
Infiltrate
Oh, storm the gates

Two air-vents on the roof
That's what the guy was talking
A lie

Electric eye
Infiltrate
Storm the gates
Storm the gates
Storm the gates
