Moses came down from the hill
Holding the rules in his hand
Looked all around
Suddenly found
Noone was listening

Now it's time to throw down

So throw down
Throw down
We throw down
Throw down

Jesus turned water to wine
The star in the sky was a sign
They called him a liar
You're not the messiah
Get out of the temple

Now it's time to throw down

So throw down
Yeah throw down
We throw down
Throw down

And then came a man I can't name
Because if I do I'll be maimed
They'll chop off my head
And then I'll be dead
You know who I'm talking about

It's time to throw down

So throw down
Yeah throw down
We throw down aaah
Throw down

All religions of the world today
We got to leave 'em alone
We got to use our fucking brains today

Before we're gone
Before we're gooone

RIGHT NOW!

The three of them fall in the rain
The world was completely insane
Sound the alarms
Nuclear bombs
You crazy motherfucker now

It's time to throw down

So throw down
Yeah throw down
Throw down yeah
Throw down
