Bad news from swing street  
Jonathan was only seventeen  
when armed he went into the cours of S. Rafael  
in august nineteen seventy  
Bad news from swing street  
He came from the america ghettoes  
to get his blood brothers free  
but the bullets of law didn't hear him  
Inside and outside the prisons  
do what there's to do  
transmit the signal of fire  
with the blood in the eyes  
Bad news from swing street  
George was only fourteen  
when they put him in prison  
for a seven dollar robbery  
Bad news from swing street  
Nobody bends his black pride  
so the guards killed him  
in august nineteen seventy-one  
Inside and outside the prison  
do what there's to do  
transmit the signal of fire  
with the blood in the eyes  
Bad news from swing street  
clench your fists, don't cry  
now you know the story of the Jackson' brothers  
killed by the american racist rule  
Bad news from swing street  
George and Jonathan, brave and free,  
shed their blood for the justice  
that justice guides us still  
Inside and outside the prison  
do what there's to do  
transmit the signal of fire  
with the blood in the eyes
