#### Verse 1

I'm the kind of guy who likes to go fishin with a cane  
pole and a bobber.  
The kinda guy who finds paradise out on the muddy  
water.  
I like a Elle Mae with pigtails and daisy dukes thigh high  
and I give thanks for everything to Big Man in the sky

#### Chorus

I'm a Country Boy, I do Country things  
There ain't nothing gonna change my country ways, so  
don't you even think you can I  
Get rowled up when the sun goes down  
With the moonshine shinin, and the fireflies flying and  
the crickets singing so loud  
All that's heaven to me  
I'm Country As Can Be, Yeah,  
I'm Country As Can Be

#### Verse 2

These hands know how to hold my lady or knock a man  
through a door  
These work boats know how to two step on a saw dust  
covered floor  
I gotta beat up jacked up pick em up truck with a coon  
dog in the back with kmart speakers and the radio  
blasting Johnny Cash

#### Chorus 1x

#### Bridge

Now don't get me wrong every now and then I like  
those city lights  
But traffic jams a suit and tie aint no way to live a life
