Verse 1

Everytime you walk by
I get tangled up inside
I think today's a good time
To tell you how I really feel

Here's my heart to break it
If you wanna take it, take it
Feel my hand it's shakin'
Is your heart beating as fast as mine

CHORUS:

Cause when I see you, I wanna hold you
Cause I need you, I can't explain it
Wantin' every second with you in it
It's Crazy

Verse 2

I have no resistance
I can't keep my distance baby
You're my sweet obsession
I just can't get enough of you

CHORUS:

Cause when I see you, I wanna hold you
Cause I need you, I can't explain it
Wantin' every second with you in it
It's Crazy

When I see you, I wann hold you
Cause I need you, to be my lover
Wanting' every second with you in it
It's Crazy

Everytime you walk by, I get tangled up inside
I think today's a good time, to tell you how I really feel

Chorus 2x's
