[Intro]

[John]

Hey

[Hoe]

You talking to me?

[John]

Looking for a customer?

[Hoe]

Hmm

[John]

So how much?

[Hoe]

H.. How much what?

[John]

Come on, I'm not a cop!

How much?

[Hoe]

Hundred dollars

[John]

A hundred dollars!

For just a little action?

[Chorus] (sampled)

Just a Little Action

Action

[Verse 1]

Bow wow wow, yippy yo, don't you want to let go

Oops, I meant to ask so you can polish the boots and all that

Don't you know I catch your eyes got the Doggy Dog barking

'Cause the g-string showing up the back

Ooh, you pretty son of a whatever, hope you got a grip

Here's a beef, want a ride, want to take a trip?

Down a dark, deep tunnel to the spot squat

Baby, hit the hot twat, get a proper shot, not

Keep it on a play

Yeah, yeah!

What you want?

Ho!

Drop, drop to the floor, and blow the pearl
'Cause you know you run the show
Do the halls run among you all's?
Hell yeah!
Well, I thought so
When you see the Babygirl back, having a back, it's all
that
And can even take the broomstick up the what?
Give me the props, 'cause the room get dark
When the string hits the crack, just believe that I'm all
that

[Chorus]

[Verse 2]

Don't stop, baby crack, 'cause I'm all that
Let me tell you what you got to know
Tell you how to go, and even tell you how to hoe
And baby, I can even pull your strings
Get you sprung when your tongue gets sprung
On the wing ding dingaling
Bring your lips over to me
French kiss the lips so the tongue hits the bootie
Dedicated to the macs and the pimps
Playing with the kitty cat, make the G's hit a gangsta
myth
Ooh, and I feel very lovable, and even huggable
And even adorable, sweet and even suckable
So throw your lips in the air
And sucky sucky like you just don't care
And if you really know a hoe with all that
And good to go, somebody say, oh yeah
Oh yeah!
Keep your hips attached to the cat
Making a grip, slipping a wack
Best believe that I'm all that

[Chorus]

Interlude:

What's that stuff running down your leg?
Juicy, Juicy!
(4X)

[Verse 3]

Strip show is in effect
So I want the face down in the butt tuck
Tongue's going up what, suckers like to suck
Suck a hoe by, even up your mouth, so that when a hoe
|
Fucking out a proper spot to get a proper shot
Shit down your throat with a creamy bowl of cum

And down your mouth drip dripping down your face
Run, running to the floor
When a booty's jump macking six four
Got the players and the macks screaming, we want
more
More what?
H.W.A.!
So I bought a whole clique
The jiggaheoes with attitude in the heaps
Butt naked stripper right down to the bare ass
All y'all rip through your drawers tearing up your pants
Even the pilots ride in the cockpits
Flying by way of flight H.W.A.
Make 'em buckle at the knees, get a smack, stay back
Just relax, best believe that I'm all that

[Chorus]
