Got something to say  
like something to me  
well just go ahead and spit it out  
It's all the same, you see  
What's that, it doesn't make sense  
Are you talking in tongues  
or is your brain out of gear  
I can hear it rattle in your head

I can see you lips move  
Blah Blah Blah  
but all I hear is

Got something to say  
Like something to me  
Well just go ahead and spit it out  
It's all the same, you see  
It's coming out better  
but it doesn't make sense  
Is that a head on your shoulders  
or something you use for ornamentation
