Don't have a life
That I wanna live with you
There's a thousand things
That I'd rather do
It's my life, told you
There's none for you
Just let me be
You jam my groove

Don't have a life
That I wanna live with you
Every time I see you
You're always down and blue
You hide in yourself
But that's nothing new
Sorry but I don't
Have room for you

Don't have a life
That I wanna live with you
It's wild now,
With you it'd be a zoo
It's my life, told you
There's none for you
Just let me be
You jam my groove

Don't have a life
That I wanna live with you
This is getting strange
What're you trying to do?
Told you there's none for you
Just let me be
You only jam my groove

Don't have a life (4x)

Leave me be please (4x)
