Lord of empty space
You breathe and then create
Before the earth was made
You are

The king of every age
Outside of time and space
The heavens speak Your name
You are, You are

Lord of brilliant light
You separate the night
And everything inside
You are

The One who calms the seas
And every part of me
With just a word You speak
You are, You are

I give You all of me for all You are
Here I am
Take me apart
Well, take me apart

I give You all of me for all You are
Here I am
Take me apart
Well, take me apart

Yeah, now angels bowing down
Beneath the rushing sound
A voice that thunders out
You are

The One who holds the stars
And the beating of my heart
Exalted above all
You are, You are

Yeah, I give You all of me for all You are
Here I am

Take me apart
Well, take me apart

Yeah, I give You all of me for all You are
Here I am
Take me apart
Well, take me apart

Yeah, now all I am I want to lay down at Your feet
All I am I want to lay down at Your feet
All I am I want to lay down at Your feet, yeah
I want You, I want You

I give You all of me for all You are
Here I am
Take me apart
Take me apart

I give You all of me for all You are
Here I am
Take me apart
Take me apart
Yeah, now
