{Papa Reu}

I'm gonna make I'm gonna make you wet
From toe to neck from toe to neck
But you better not contest
Try and come a test
Bullet holes go into yo vest
Straight through yo vest
Just like the rest you play me oh me oh me
Can't run through our whole whole army
The our ar ar artillery from world one, two, maybe three
I think I'm gonna crazy from that weed
Not them regular ones but all you need
I use them on my enemies and all the ones who are
Hatin' me look boy
Pop, look before you pull the trigger
Tell me boy, which gun bigger
Bluka Bluka now you don't committed murder
Your family gonna suffer
I got my nine millimeter
The closest friend to me one day a hater
Tried to come and run up on me
I counted fast and I started to spray
I thought I got him but the motherfucker
Got away

Chorus:

Bitch nigga runner fifty geez on yo head
Bullet proof yo Hummer AK user
Finger on the trigger
You brought that issue on yo
Fuckin' self nigga I spin the bin
With fifty shots

Wootay! me and Reu don't play
Get out off line and hit you with the AK

We got a different gun for every situation
Yo block we be scopin'
Fifty shots to yo dome, we leave ya open
